We're millionaires  
Against hunger

I'm a millionaire  
And I got something to say  
I got a million more that'll take me away  
All the other ones' bills starting to percolate  
As far as I'm concerned, why that's okay

Well I'm a millionaire too, but not like you  
As far as I'm concerned, I got a job to do  
I've got to pave the way, I've got to save the day  
I've got to make it better, I've got to say  
You and I, we're millionaires, but we're a million miles  
away from the saint who stares  
Upon the millions who die, every day of the week  
Just because they can't get enough to eat  
While we the rich dine on all these feasts, and  
everything's fine, yeah peaches and creme  
But it just isn't something you've got to realize, there's  
something wrong, we've got to open our eyes  
When the world cries, we just can't hide, we've got a  
job to do, we've got to save some lives

We're millionaires  
Against hunger

Hey hey Mr. Millionaire  
Twice as nice when you share  
Hey hey Mr. Millionaire  
A spiritual price do you care  
Hey hey Mr. Millionaire  
Dice the mice when you share  
Hey hey Mr. Millionaire  
Pave the way, take the dare

I'm a millionaire  
And I got something to say  
I got a million more that'll take me away  
All the other ones' bills starting to percolate  
As far as I'm concerned, why that's okay

Well I'm a millionaire too  
All I know that is true is that I've got more cash than I  
can use  
I want anything that I can have, but I don't need nothin'  
and I never have  
Each damn day my heart's set far, but I'll be okay, cuz I  
don't starve  
Kid
