Time to swing a little melody
To make you all feel something sexually
And now we're gonna get it on in the groove
The groove that makes those smooth hips move
We are pumpin' that drivin' bad rythm
To make those pretty little pussy lips schism
Kissum kissum kissum

In the mind is one design
To make you feel fine
Suckin' on mine with a 69
I'm inclined to funk, funk, funk, funk your brains out
Make her moan make her groan and make her shout
Push it all in and pull it all out
Pump that labia 'till it pouts

Open up your legs to the sensual sound
With the beauty of the beat on your pretty wet mound
I can tell you're like a horny bloodhound
Feel the bass,hump the ground
Just drop your knees and come unbound
And now you make your mouth to get on down

Our lustful notes will boil your blood
When they slither and slide on under your hood
Makin' me shoot my power packed pud
Like a wild lady lovin' a firehose stud
Causing what is known as a juicy wet flood
Gettin' it gettin' it gettin' it good

In my head, there's a hellified hum
I take to rubbin' her on the bum

Just a little on the tum
With my thumb i strum her plum
Start to make her orgasm
Tastes a little bit like oozing how rum

Well i like to make her cum
To the rythm of the drums
Make cum, make cum, cum
