A long, long, long, long time ago
Before the wind before the snow
Lived a man, lived a man I know
Lived a freak of nature named Sir Psycho

Sir Psycho sexy that is me
Sometimes I find I need to scream

He's a freak of nature
But we love him so
He's a freak of nature
But we let him go

Deep inside the Garden of Eden
Standing there with my heart on bleedin'
There's a devil in my dick and some demons in my
semen
Good God no that would be treason
Believe me Eve she gave me the reason
Booty lookin' too good not to be squeezin
Creamy beaver hotter than a fever
I'm a givin' 'cause she's the receiver
I won't and I don't hang up untill I please her
Makin' her feel like an over achiever
I take it away for a minute just to tease her
Then I give it back a little bit deeper

Sir Psycho Sir Psycho yea he's the man that I met one
time
Sir Psycho Sir Psycho yea he's the man that left me
blind
Sir Psycho Sir Psycho yea he's the man he's the man
he's the man
Sir Psycho Sir Psycho yea yea

He's a freak of nature
But we love him so
He's a freak of nature
But we let him go

I got stopped by a lady cop in my automobile
She said get out and spread your legs

And then she tried to cop a feel
That cop she was all dressed in blue
Was she pretty? Boy I'm tellin' you
She stuck my butt with her big black stick
I said "What's up?" now suck my dick

Like a ram getting ready to jam the lamb
She whimpered just a little when she felt my hand
On her crotch so very warm
I could feel her getting wet through her uniform
Proppin' her up on the black and white
Unzipped and slipped "Ooo that's tight"
I swated her like no swat team can
Turned a cherry pie right into jam

Sir Psycho Sir Psycho yea I'm the man that you met one
time
Sir Psycho Sir Psycho yea I'm the man that leaves you
blind
Sir Psycho Sir Psycho yea I'm the man I'm the man I'm
the man
Sir Psycho Sir Psycho yea yea

Hello young woman that I love
Pretty punk rock mamma that I'm thinking of
Hold me naked if you will
In your arms in your legs in your pussy I'd kill
To be with you, to kiss with you, I do miss you
I love you

Lay me down lay me down lay me down lay me down
Lay me down lay me down lay me down lay me down

Descending waves of graceful pleasure
For your love there is no measure
Her curves they bend with subtle splendor

Now I lay me down to sleep
I pray the funk will make me freak
If I should die before I waked
Allow me Lord to rock out naked
Bored by the ordinary time to take a trip
Calling up a little girl with a bull whip
Lickety split go snap "snap"
Girl gettin' off all in my lap
The tallest the sweetest sap
Blowin' my ass right of the map
Oow and it's nice out here
I think I'll stay for a while
