When everything we felt failed  
And some music soft in distant sails  
But it don't sound like it did before  
Then i know i'm left with nothing more  
Than my own soul  
When pretty pictues face back  
But your coats aren't hanging on the rack  
And blue water turns to  
A place that i can't get to  
A place that i can't  
In a room all i feel  
Is the cold that you left  
Through the air all i see  
Is your face full of blame  
What's left to see  
What's there to see

In the room all i feel  
Is the cold that you left  
Through the air all i see  
Is your face full of blame  
What's left to see  
What's there to see  
What's left to see
