Stretching out your tightness  
Good enough to make you grow  
We are all in favour of this motion

Stretching out your tightness  
Time to open up your whole

When it rains, I let myself get wet  
I have always wanted to  
Give something to my brother

Proposing to expose your head  
To something that is like no other

Hit it

I'll stretch you out  
I'll stretch you out my friend  
I'll stretch you out

The two-step goes from intuition is my liquid fare  
We are all in favor of the open air  
Three pounds of love and knowledge are expanding in  
my skull

Truth be told, we let the good times roll

I have always needed to  
Receive it and believe it  
And its moaning and creating love

Tender titulations

I'll stretch you out  
I'll stretch you out my friend  
I'll stretch you out

I'm a fish and I can swim all day  
I can swim in so many ways  
Make it up as I go along  
That way it is never wrong

I'm a bird and I can fly away  
I can shift in so many shapes  
Make it up as I go along  
That way it is never wrong

Ow

There's a glowing up around the moon it's showing  
We want to play in the water that is flowing  
Very legendary intraplanetary fairy

Varied truths  
She's making just for you

Yes, I have always wanted to  
Give something to this stranger

M M M Moving to approve the grove  
A mental transformation
