They come from every state to find  
Some dreams were meant to be declined  
Tell the man what did you have in mind  
What have you come to do

No turning water into wine  
No learning while you're in the line  
I'll take you to the broken sign  
You see these lights are blue

Come and get it  
Lost it at the city limit  
Say goodbye  
'Cause they will find a way to trim it  
Everybody  
Lookin' for a silly gimmick  
Gotta get away  
Can't take it for another minute

This town is made of many things  
Just look at what the current brings  
So high it's only promising  
This place was made on you

Tell me baby what's your story  
Where you come from  
And where you wanna go this time oh  
Tell me lover are you lonely  
The thing we need is  
Never all that hard to find oh  
Tell me baby what's your story  
Where do you come from  
And where you wanna go this time oh  
You're so lovely are you lonely  
Giving up on the innocence you left behind

Some claim to have the fortitude  
Too shrewd to blow the interlude  
Sustaining pain to set a mood  
Step out to be renewed

I'll move you like a baritone

Jungle Brothers on the microphone  
Getting over with an undertone

It's time to turn to stone

Chitty chitty baby  
When your nose is in the nitty gritty  
Life could be a little sweet  
But life could be a little shitty  
What a pity  
Boston and a Kansas city  
Looking for a hundred  
But you only ever found a fifty

Three fingers in the honeycomb  
You ring just like a xylophone  
Devoted to the chromosome  
The day that you left home

Tell me baby what's your story  
Where you come from  
And where you wanna go this time oh  
Tell me lover are you lonely  
The thing we need is  
Never all that hard to find oh  
Tell me baby what's your story  
Where do you come from  
And where you wanna go this time oh  
You're so lovely are you lonely  
Giving up on the innocence you left behind

Tell me baby what's your story  
Where you come from  
And where you wanna go this time oh  
Tell me lover are you lonely  
The thing we need is  
Never all that far to find oh  
Tell me baby what's your story  
Where do you come from  
And where you wanna go this time oh  
You're so lovely are you lonely  
Giving up on the innocence you left behind
