I stole your haircut  
And your boring personality  
The perfect palette for a painting  
Of morality  
And now I come across without a loss  
Of what to be  
Add up the two of us and then  
Subtract the one of me

Come meet your maker  
A different kind of strain

I turn you into one  
And then I turn you out for fun  
Of earth and days and age  
In fact you never were that dumb  
Descended from a line  
Of endless opportunities  
I feel the mountain where you bring it from  
Is gonna please

Come meet your maker  
A different kind of strain  
A sweet super-tanker  
Oh won't it be great yeah

[Chorus:]  
We can all do whatever we want  
Whatever we want  
Whatever we want  
We can all do whatever we want to  
We can all do whatever we want to

I'm dreamin' up the thing that no one  
Ever knew was love  
I get you higher than the hawks  
Of Hollywood above  
It's up for grab  
The ragged stream of possibilities  
To walk away from this could leave me  
Feeling I'll at ease

Come meet your maker  
A different kind of strain  
A sweet super-tanker  
Oh won't it be great yeah

[Chorus]

Come meet your maker  
A different kind of strain  
A sweet super-tanker  
Oh won't it be great yeah

[Chorus]
