I feel a love, a love where it shouldn't be
There's two of us and there's no one around to see
Take it or leave it we may never get a chance again
We're caught in the middle of a revolution
We're caught in the middle of a revolution, revolution
We're plane sailing and the skipper ain't coming
back soon
So lets get naked let's swim out to the moon
Take it or leave it we may never get a chance again
We're caught in the middle of a revolution
We're caught in the middle of a revolution, revolution
