We were once friends  
Now it's at an end  
Everything is gone  
Now it's all done  
I wanted her, she wanted me  
I'm sorry it just couldn't be  
I like you, you hate me  
Now it's all done, why did this have to be?  
I miss you, you dissed me  
I apologize, please forgive me

We were once friends  
Now it's at an end  
Everything is gone  
Now it's all done  
I wanted her, she wanted me  
I'm sorry it just couldn't be  
I want to, want to be  
Your one for eternity  
Until you, you told me  
You wanted him and not me

(Don't cry for me)  
(Don't cry for me)  
We were best friends  
Now it's at an end  
Everything is gone  
Now it's all done
