Sitting right here once again
Discussions surround my head
Searching for witnesses in my own lies
Beauty and seduction of ignorance
But it's not all that bad
I just never thought i might devalue your hope No
regret-policy
Feeling safer than i used to feel
So many chances passing by...
Complete devotion - judge me!
Look at me! I got it (all)right!
You still don't know? There's no recipe
And every single breath changes your status-quo... I'm
not asking for that much
at least i try to care
Sounds like the modest way of holding up this law
It's not a crime, nor a thrill, the most attractive way to
kill?
Take your last chance to smash up this unbearable
suspense No regret-policy
Feeling safer than i used to feel
So many chances passing by...
Complete devotion - judge me!
Look at me! I got it (all)right!
You still don't know? There's no recipe
And every single breath changes your status-quo...
