I can hear my heart pounding in my head  
It's a turn from a very deep place  
Who will take my hand?  
I've been through a rollercoaster of emotions  
Waiting hurts, forgetting hurts,  
but I don't know which one does hurt the most!  
Am I oversensitive? It's a hard case  
Do you notice my embarrassment?  
I seem to be under a lot of pressure at this moment,  
cos  
I could still easily pass for a teenager  
(It) seems we grew up quickly  
But haven't we aged well?  
Is this my fantasy or theirs  
Who know who cares?  
You flip - your lip  
and cause a scene to end up looking like a loon in front  
of everyone.  
But haven't we aged well?  
I don't mind up being close  
The thought that I'm good at it excites my further  
Is it really just me against them? Sometimes the anger  
returns  
Feeling like in jail on the verge of a release  
Beneath that anger there is usually fear  
But my fear has vanished - there are more things left in  
life for you  
And we don't need - to go back on - the same  
wavelength  
(I'm) up with the programme - know tactics to deal with  
it  
(It) seems we grew up quickly  
But haven't we aged well?  
Is this my fantasy or theirs  
Who know who cares?  
You flip - your lip  
and cause a scene to end up looking like a loon in front  
of everyone,  
but haven't we aged well?  
Seems we grew up quickly but haven't we aged well?
