Why can't i see through you
Why can i never steal your heart
I'm holding back another night
Hold me close, don't let go

Why can't i see through you
Why can i never steal your heart
Your breathless voice i won't forget
Cause it's always beautiful

This cold december air
I feel your breath
As if i were there

This cold december air
I feel your breath
As if i were there

Why can't i fake this
Why can i never steal your heart
You're not alone in this my dear
This is hard for both of us

Why can't i fake this
Why can i never steal your heart
And if i could i'd let you know
That i always wanted this

This cold december air
I feel your breath
As if i were there

This cold december air
I feel your breath
As if i were there

Your heart is torn apart
Just stay right here
Next to me

Your heart is torn apart
Just stay right here

Next to me

Well i guess i
I can't walk past you
My heart is torn too
I guess i'll wait here

I guess i
I can't walk past you
My heart is torn in two
These pieces of you

Your heart is torn apart
Stay right here
Next to me
