Let's not forget
We said we'd leave this alone
And your regrets are killing me

Flicker dim lights
As i lay on your floor
This feeling comes back again

So here's your photograph
Wait right here for your sympathy
Sympathy

So here's your photograph
Wait right here for your sympathy
Sympathy

Your dry lips
Are placed on mine
As i touch your pale soft skin

This night is
Moments too long
It's all you get, wait for me
No sympathy

So here's your photograph
Wait right here for your sympathy
Sympathy

So here's your photograph
Wait right here for your sympathy
Sympathy
