Here it is, the saddest movie  
Count your cards and cut your losses  
The promises you made  
The days of dreams will fade away

Your lips will move in desperate motion  
The life you lived, i never noticed  
It'll always be like this  
It'll always be like this

So here's your own advice  
Don't ever let this go

Star light, star bright  
A scar from a former lover  
Does he kiss your eyelids  
Taste the sweat off your skin  
Oh my god, will this night ever end

What's the point if it's not forever  
Mark your heart with scars of crosses  
I guess i'd rather be  
Anywhere but here

It's hard to breathe when my lungs stop moving  
You've seen the worst, the saddest movie  
It'll always be like this  
It'll always be like this

So here's your own advice  
Don't ever let this go

Star light, star bright  
A scar from a former lover  
Does he kiss your eyelids  
Taste the sweat off your skin  
Oh my god, will this night ever end

Wait for you  
It'll always be like this  
It'll always be like this

Wait for you  
It'll always be like this  
It'll always be like this

Star light, star bright  
A scar from a former lover  
Does he kiss your eyelids  
Taste the sweat off your skin  
Oh my god, will this night ever end

Star light, star bright  
A scar from a former lover  
Does he kiss your eyelids  
Taste the sweat off your skin  
Oh my god, will this night ever end
