No more timing each tear that falls from my eyes  
I'm not hiding the remedy to cure this old heart of mine

I can dream about you  
If I can't hold you tonight  
I can dream about you  
You know how to hold me just right

I can dream about you  
If I can't hold you tonight  
I can dream about you  
You know how to hold me just right

Moving sidewalks, I don't see under my feet  
Climbing up from down here below  
Where the streets see me lonely for you

I can dream about you  
If I can't hold you tonight  
I can dream about you  
You know how to hold me just right

I can dream about you  
I'm gonna press my lips against you and hold you tight  
to me  
I can dream about you  
You know you got me spellbound what else can it be

Moving sidewalks, I don't see under my feet  
Climbing up from the pain in my heart 'cause it's you  
that I need

I don't understand it  
I can't keep my mind off loving you  
Ooh, now baby, I'm caught up in the magic I see in you  
There's one thing to do

I can dream about you  
If I can't hold you tonight  
I can dream about you  
You know how to hold me just right

I can dream about you  
If I can't hold you tonight  
I can dream about you  
You know how to hold me just right
