Danced with wind and danced with fire  
Killed the truth and called the liar  
Bleeding in it's mystery when the moon began to fall  
Dreamers are not all they seem,  
Sleeping in her silent dream  
She locks it all inside and hides it all away

Chorus:  
China, China

Calling out to history  
Is that the way it will always be?

China, China

Questions right in my hand, and then  
Answers gone till I don't know when

Verse:  
All you speak and all you hear  
Hand that's strong and voice it's clear  
An unforgotten memory and the moon begins to call  
Called you right and called you wrong  
Time, the shadow, sings your song  
Don't lock it all inside and hide it all away

(Chorus) 4x
