(verse)

Didn't I swear I'd be there  
Didn't I make you this promise  
To hold you tight forever and ever

(pre chorus)

Yet I fell apart  
And my world crashed down  
I was sinkin' fast, until I felt true love  
Oh yeah

(Chorus)

All night, all day  
I feel your touch  
I feel your love  
It's your love that makes it right  
All night, all day  
I feel your touch  
I feel your love  
It's your love that holds me tight

(verse)

Didn't He come to save us  
Didn't He come to tell us  
Of true love  
Forever and ever

(Bridge)

Yet He fell apart on the cross He bore  
True love he gave  
So I could say, oh yeah
