And I think I finally know you
I can see beyond your smile
I think that I can show you
That what we have is still worth will

Don't you know that love is like a thread
That keeps unraveling in bed
It ties us back together in the end

In your eyes
I can see my dreams reflections
In your eyes
I found the answers to my questions
In your eyes
I can see the reason why our love's alive
In your eyes
We're drifting safely back to shore
And I think I've finally learned to love you more

And you warned me that life changes
And that know one really knows
Whether time will make us strangers
Or whether time will make us grow

Ohh, even though the winds of time will change
In a world where nothing stays the same
Through it all, our love will still remain

In your eyes
I can see my dreams reflections
In your eyes
I found the answers to my questions
In your eyes
I can see the reason why our love's alive
In your eyes
We're drifting safely back to shore
And I think I've finally learned to love you more

In your eyes
I can see the reason why our love's alive
In your eyes
You and I

We're drifting safely back to shore
And I think I've finally learned to love you more

I think I finally know you
I can see beyond your smile
I think that I can show you
That what we have is still worthwhile
Don't you know that love's
Just like the thread
That keeps unravelling but then
It ties us back together in the end

CHORUS

In your eyes
I can see my dream's reflections
In your eyes
Found the answers to my questions
In your eyes
I can see the reasons why our love's alive
In your eyes
We're drifting safely back to shore
And I think I've finally learned
To love you more

You told me that life changes
And that no one really knows
Whether time would make us strangers
Or whether time would make us grow
Even though the winds of time will change
In a world where nothing stays the same
Through it all our love will still remain

REPEAT CHORUS

In your eyes I can see the
Reasons why our love's alive
In your eyes
We're drifting safely back to shore
And I think I've finally learned
To love you more
