Heard you move far out of town
Never thought I'd see you around
Do we shake hands or do we kiss
Must have rehearsed a thousand times
What I'd say if you and I
Saw each other just like this
It's like a dream coming off the track
All the passions rushes back
When you look at me like that

But that was once upon a time
When dreams were young like you and I
And nothing was impossible
Don't want to get emotional tonight
But when I look into your eyes
I lose track, if we could just go back to once upon a
time

I was writing songs to make ends meet
You were all the inspiration I need
You showed me what dreams are all about
And if love was like a flame
I swear the fire was burning in our vein
Someone blew the candle out
Don't wanna know how long it's been
Since my fingers touched your skin
Baby don't let me fall again

But that was once upon a time
When dreams were young like you and I
And nothing was impossible
Don't want to get emotional tonight
But when I look into your eyes
I lose track, if we could just go back to once upon a
time

It's like a dream coming off the tracks,
All those memories rushed back

But that was once upon a time
When dreams were young like you and I

And nothing was impossible
Don't want to get emotional tonight
But when I look into your eyes
I lose track, if we could just go back to once upon a
time
Don't wanna look into eyes, noâ€¦
You take me back to once upon a time

Take me backâ€¦
Heard you move far out of town
Never thought I'd see you around
Do we shake hands or do we kiss
