You say you're free  
Well, your freedom's killing me  
And I feel just like a statue  
To be admired from a distance  
My love collides with your resistance  
Then bounces back inside of me

You tell me that you're strong  
Well, your strength just shatters me  
As I scramble for my pieces  
But the puzzle keeps repeating  
It seems so self-defeating  
How we plan each move so carefully

And still we both hang on  
We risk the night and greet the dawn  
An affair for you, for me a song  
And then suddenly it's over

Two cynics passing through  
I blew it, I fell in love with you  
The thing I swore I'd never do  
And now my love just turns you colder

You say you're trying to find yourself  
Well, I know how hard that is  
And I wish that I could help you  
To share while life keeps teaching  
To share while you keep reaching  
But you prefer to reach out privately

And still we both hang on  
We risk a night and greet the dawn  
An affair for you, for me a song  
And then suddenly it's over

Two cynics passing through  
I blew it, I fell in love with you  
The thing I swore I'd never do  
And now my love just turns you colder

You say you're free

Your freedom's killing me  
I feel just like a statue  
To be admired from a distance  
My love collides with your resistance  
Then bounces back inside of me  
The pattern goes on endlessly
