I can never find another girl, like you, you, you
I will never find another girl, like you, you, you.

She spoke with soft penetration,
she awoke my sex education,
psychotic,
hypnotic,
my lips the touch of satan.

I'm thinking she's the one for me,
I'm thinking about the next step taken,
I'm dreaming about her,
I'm tortured by her,
I'm breathing for the next time we talk.

I can never find another girl, like you, you, you
I will never find another girl, like you, you, you, you.

She stalks in breathful silence,
she lives for death and violence,
neurotic,
psychotic,
my god, your shake's hypnotic.

I'm thinking she's the one for me,

I'm thinking about the next step taken,
I'm dreaming about her,
I'm tortured by her,
I'm breathing for the next time we talk.

I can never find another girl, like you, you, you
I will never find another girl, like you, you, you, you, oh.

you.

hypnotic mouth and power,
erotic dark desire,
psychotic,
neurotic,
she's in my veins like a drug narcotic.

I can never find another girl, like you, you, you
I will never find another girl, like you, you, you, you.
you, you.
you.
come alive,
you, you.
come let them have us tonight,
you, you.
come back, my darling, take your bite,
you, you, you.
