"A Cigarette"

A cigarette between my lips
A dark and smoke filled room
I sit down and think of my life
And I wonder if I'm living it right

My heart
It's questioning my soul
Are we together in this
Or are we apart
We're together

A backdrop of deep black clouds
A rainbow inside the rain
Is this love that sits above?
Is that you Lord upon the dove?

My heart
It's questioning my soul
Are we together in this
Or are we apart

My heart
It's questioning my soul
Are we together in this
Or are we apart

A cigarette between my lips
A dark and smoke filled room
I sit down and think of my life
And I wonder if I'm living it right
