I'm lost in your love  
When I wake up the first thing I do is think of you  
Lost in your love  
When I wake up the first thing I do is think of you  
I'm lost in your love, love...  
When I wake up...

Lost in your love  
Lost in your love  
Lost in your love

I don't mean to (?)  
But something is wrong  
Hard to leave you  
Now cause your heart's so strong

When I wake up the first thing I do is think of you  
Lost in your love  
When I wake up the first thing I do is think of you  
Lost in your love

Lost in your love  
When I wake up  
I don't mean to  
When I wake up  
I don't mean to

Lost in your love  
I'm lost in your love  
Lost in your love  
Lost in your love  
I don't mean to  
But something is wrong  
Hard to leave you  
Lost in your love  
Lost in your love  
I'm lost in your love  
Lost in your love  
Lost in your love
