Chorus

I've Done It, I've Blown It Again
Gone And Lost My One True Friend
If I Can't Stop It, It's Gonna End
I've Done It, I've Blown It Again
I've Done It, I've Blown It Again
Gone And Lost My One True Friend
If I Can't Stop It, It's Gonna End
I've Done It, I've Blown It Again

Finally You're Seeing Clearly
I'm Writing This So You Can Hear Me
I Feel I Get It In My Head That You Could Do Me Wrong,
No
Since I Got To You Know Better
I Found That I Was Glad I Met Ya
Why Did I Listen To Those Lies When You Were Still In
Bat For Me
Why Did I Never Tell You
Why Did I Not Say
Why Did I Push It Away
Why Did I Never Trust Ya?
I Could Have Told You All My Fears All Those Years
And Now I'm Ashamed Of My Ways

Chorus

Taken Up The Heart Within Me
Dismay's The Only Feeling I See
I Have To Say My Heart Ain't What It Could Be
Open Up The Box And Tell Me What It Should Be
You Can't Free A Bird If It Ain't Gonna Fly
You Can't Live A Life If You Don't Ask Why
Such A Thing As Too Much Information Trapped Inside
This Condemnation
Why Did I Never Tell You
Why Did I Not Say
Why Did I Push It Away
Why Did I Never Trust Ya?
I Could Have Told You All My Fears All Those Years
And Now I'm Ashamed Of My Ways

Chorus

I'm Sorry I Said It, My Motor Mouth Done Did It Again,
Exceeding The Speed Limit
And Now I'm Feelin' It, I'm Knee Deep In It, Ready To
Roll Like A Jeep With The Keys In It
So Gi' Me Three Minutes, 'Cause I Admit It I Was Wrong
With No Right To Expect Maybe
You Might Just Accept My Apology, Even Though It Feels
Funny 'Cause When The Penny Drops I'm Like Oh My
Gosh I Killed Kenny I Can't Believe I'd End Up Dissin' A
Friend, Man I Should Have Known Better Than To Listen
To Them With Their Sea Food Poisonous Lies I See
Through Made You The Last One On My List To Speak
To Yeah Sticks And Stones Break Bones And Kill Where
Wounds Take Long To Heal I Was Wrong For Will And I
Ain't Even Gonna Try And Deny 'Cause I Missed The
Mark And I Missed It Wide

Chorus
