Everyday it be getting more weird
Babylon trying to interfere
Open your eyes and open your ears
And yâ´all see what I mean I swear

Living in Babylonian times / my rap flowing like rhymes
/ Spitting it â´til
the day these Babylonians die/ Thereâ´s a blast
blowing inside my head /
filling me with dread / Got me thinking that Iâ´m
already dead / now my
headâ´s heavy like lead / but then I wake up / It was all
a dream, it wasnâ´t
real like make up / I escape up away from this world of
fake fucks /
Meditating, maintaining my mental shape ups / I stay
puffed / tired of being
late for the bus / Now Iâ´m savage hungry and got a
taste for luck / Iâ´m
slaved and chained up / on the wall of a system that
hates us who love but
love those who make bucks / This wasnâ´t the plan
according to the Creator /
Traitors built their world on pillars of fake trust / but
now as the race is
paced up/ I turn my face up and head forwards for a
fate thatâ´s greater.

Everyday it be getting more weird
Babylon trying to interfere
Open your eyes and open your ears
And yâ´all see what I mean I swear

Everyday itâ´s like I feel them testing me /
Nevertheless they never be
getting the best of me / Messing with me / Making me
think and act
hectically / They on a quest you see / always stressing
me/ No rest for me /
Oppressing me / Tempting me / like pills of ecstasy/
Heading me down a road

that a be the end of me / Mentally bending me /
Evidently my enemy been
among us for centuries / spreading envy and greed/
Now more than many be /
Fiending for any remedy/ Now IÂ´m a find it, fuck it if I
have to swim the
Seven Seas/ Got criminal tendencies / They be all open
like Sesame/ ItÂ´
seek and destroy by any means now...

Everyday it be getting more weird
Babylon trying to interfere
Open your eyes and open your ears
And yÂ´all see what I mean I swear

Now this worldÂ´
you and everything
you do by satellite / If you listen closely you can hear
their cold laughter
in the night / They all around like a franchise / The
greed appetite / is
similar to cheese and mad mice / Give under and they
will kill you like
Christ thatÂ´
secure my afterlife /
ItÂ´
last night I had a dream
they were reading me my last rites / but now I done
strike back so my ass
alright / Confront the demon not feeling even a tad of
fright / hypocrisy is
in the red zone and IÂ´
the fashionable type
/ IÂ´
They on my ass like /
trying to steal this manÂ´
mind slow like them
hash pipes...

Everyday it be getting more weird
Babylon trying to interfere
Open your eyes and open your ears
And yÂ´all see what I mean I swear
