"Feet To Work"

I wake up and quick fast I be out the door
I'm walking zigzag on a narrow road
Tap my toes, been living both fast and slow
Walk for them dudes packing big bags a drow
Walk for the fat women and lazy assholes
Walk for my soldiers and every kid with backbone
Walk for the clerk working the corner store
I let my shoes know who they working for
Motherfucker, I ain't born I gÅ¥r
I know those who stand for nothing gone fall for it all
I walk for the slinger, I walk for the user
I walk for the winner, I walk for the loser
I walk across borders, I kick down doors
The world's my forecourt, so get down George
I walk alleyways, boulevards and shitty streets
Walk for the people suffering in the Middle East

I put my feet to work
There he go man, he put his feet to work
'Cause the world don't stop I keep my feet moving
Ain't nothing to it, do it, your feet to work
I'm a put my feet to work
Every day my feet to work
'Cause the world don't stop I keep my feet moving
Ain't nothing to it, do it, your feet to work

Life ain't a fucking walk in the park
But I'm a man of faith nowadays, no longer walk in the

Dark
I'm walking as far as needed
Walking for peace, kid
Walking for freedom
I know I'm born for a reason
My people inna club got love for Drizzy
I know this like I know Big Shug is heavy
So I keep walking
Keep them streets talking
See what I mean, leave the beef inna meat market
I've seen phiending
I've seen bleeding

I've seen and I've seen coffins for all a these reasons
I walk 'til I find out the meaning of life
Pissing contests ain't my thing, only for freedom I
Fight
Sneaks, Tims
My feet bling or fucking barefoot
I couldn't care less, I careless, I ain't careful
I ain't fearful of nothing, but fear so I don't stop,
I'm a go where no man dare go

I walk for the maniac depressive
The addicts and restless
My travels are endless
The man is relentless
I love women who love to be women so when they walk
They make they asses and breasts swing
Been though a lotta shit but never have been a
Pessimist
So I don't give a fuck if the traffic is hectic
So walk with me if you had cabbage for breakfast
And leave it to the man to bless this
