#### Verse 1

That's it man, they got me  
Caught up in a damned traffic jam,  
Block me  
Everything except my passion is spent,  
I got no baggage,  
Aint dragging no maps, no plans, follow?  
How did I end up here, really?  
Just trying to keep my head up  
Damn I'm weary  
So is it all a setup then,  
Is it?  
This aint living,  
Wishing the man upstairs would listen

I got to get away type quick see a better day and  
Celebrate all life is now  
The world is spinning,  
This life is mine  
As I'm burning bridges they light the skies it's time  
To follow my heart, use to follow the bottle now me and  
God go mano a mano, I got to go before my soul is  
Hollow, I got to follow my dreams  
Every artery screaming:  
I got to be free  
They said I need to think,  
Didn't have no thoughts  
Said I need a shrink,  
Cus my balance is off  
They said my ship's gonna sink  
Cus my cash's all gone  
That's when I feel like a drink but every glass' too  
Short so there I go,

Get on a plane or a train and everything I ever feared  
Imma face it today and that's for sure,  
So if they mention my name  
Thinking I'm dead or insane, tell them that Red's okay  
He had to go.

## Chorus

So come sunshine or come rain  
Imma jump on a plane or a train  
Cus I feel my fire fading away  
I can't, I can't, I can't stay

So come sunshine or come rain  
Imma jump on a plane or a train  
Cus I feel my fire fading away  
Oh no, I got to get away,  
Away, away, away, away, away, away, away  
Got to get away

## Verse 2

My feet greet sand, snow,  
Gravel and asphalt  
You mad wrong thinking  
That I'm singing a sad song  
I'm on track  
Rap's in my backbone  
I backpack back to back,  
Travel the map mode  
The fast lane, fast life,  
More like a bad joke  
We're past last call,  
Only dust on the dance floor  
I'm chilling to hell with living in fast forward so if  
They knock on my door  
Just tell them the man's gone

So aint that the truth I'm out the backdoor before I  
Act a fool  
Today's my first day and last too  
Escape the bad fumes  
And dodge my pasts gloom  
Stay on the move I only stop to pray  
Cus I know they got the yay a block away  
But every time I get a chance to rock the stage  
I feel free, it's like I already got away,  
I'm on my way.

## Chorus

So come sunshine or come rain  
Imma jump on a plane or a train  
Cus I feel my fire fading away  
I can't, I can't, I can't stay

So come sunshine or come rain

Imma jump on a plane or a train  
Cus I feel my fire fading away  
Oh no, I got to get away,  
Away, away, away away, away, away, away  
Got to get away
