See the light now, morning calls
When they beat your life down then you walk it off
So broke you're choking, you wanted more
But both hate and faith is affordable
You think that Red a rhyme, I spit my life bullshit
I let it slide cus I'll win the fight
See Imma run through fire, swim through ice
So I say: forget a ride, imma pimp my life
Hip Hop police claiming a melody felony (so damn!),
I'd better be settling quick, can't let it be... pshh!
Like I give a what and a half luck
It won't last in a bucket of crabs my day,
My night and my way, my life I never blamed the dice,
Ain't afraid to fight I set hate aside
Then I chase the light Hip Hop it must love me,
It saved my life

Bridge

Now you can write to it,
You can fight to it
That's the beauty of it,
Ain't a wrong or right to it
Roll a truck to it,
Ride the bus to it
Get drunk stupid or fall in love to it
You can pray to it,
Work or play to it
Add a backpack, cap or hat, a chain to it
You can dream to it but never sleep to it
The main thing remains, you move your feet to it

Chorus

No matter what they say
The world won't end today
Don't you believe it
That's the way I see it

Verse 2

I feel the kick, snare and bass is in my bones,
Patience getting low can't wait to set it off on stage
And let them know see the way that she shake, she
Getting low should take my ass to church and pray,
Already know I won't a few cents and way too many
loans
But the music don't fade, I'm in the zone way too many
Clones, far too few real but you already know I got
Heart and true skill I came to get it done, came a long
Way from face down in the mud, from hate to getting

Love so whatever's left when laboring for crumbs and
Whatever bread I break it with the bums (so are you
Content?) only a few holler for only a few euros more,
I'm blue collar but being broke don't make this world
Stop so I'm out to get mine, no shit sherlock!

Bridge

Change your life to it, steal or I-tune it/ and if it's
Real I feel you might do it roll a truck to it, ride
The bus to it get drunk stupid or fall in love to it
You can pray to it, work or play to it add a backpack,
Cap or hat, a chain to it you can dream to it but never
Sleep to it the main thing remains, you move your feet
To it.

Chorus

No matter what if they say the world won't end today
Don't you believe it that's the way I see it

Verse 3

It's a star lit sky, neon lights and it's having
Someone you can lean on, right? could be is the
Hardship, the grind, the means, the strife or the the
Sparks just fly, you meet your wife when your arms get
Tied, they read your rights when your heart gets blind
You see no light til my heart quits I try to seek
What's right I aint got it in me to cease the fight.

Bridge

Now you can write to it, you can fight to it that's the
Beauty of it, ain't a wrong or right to it roll a truck
To it, ride the bus to it get drunk stupid or fall in
Love to it you can pray to it, work or play to it add a
Backpack, cap or hat, a chain to it you can dream to it
But never sleep to it the main thing remains, you move
Your feet to it

Chorus

No matter what if they say the world won't end today
Don't you believe it that's the way I see it
