Such Current Of Electricity Shall Continue To Pass
Through Your Body until You Are Dead

Leeches jump off rotten fur
And tend to bang all down
New-born grown-up clean men
Goddamn all the same
098... hi,i'm your slave
I'd burn my money down
But time has come to solve some shit
In an electrifying way
Alright
Ok
Cash will buy all honesty
And cash will make you grin
When everything is wasted now
You believe in waste
No one can accuse you in lack of fuckin' taste
But i have bought some gasoline to burn some shit
away

Aaarrggghh
"...Such current of electricity shall
Continue to pass through your body
Until you are dead..."

Burning,boiling,baking,frying
Smelling,sizzling,stinking,choking
