You can call it a failure  
with me and with you  
Â'cause we couldnÂ't work it out  
but weÂ'll work it through  
to carry this burden  
is just something weÂ'll do  
Â'cause if you canÂ't find the magic  
head for the door  
Â'cause it could be more tragic  
to live in this war  
itÂ's best to surrender  
than to hurt anymore  
my sweetheart  
chorus:  
hang on to me  
just like a melody  
not so easily  
donÂ't look back to see  
all that has happened here  
though not so clear  
donÂ't cry, my dear  
just wasnÂ't meant to be  
maybe next christmas  
weÂ'll both be at home  
weÂ'll mail all the presents  
and call on the phone  
weÂ'll meet in the middle  
of hello and good-bye  
my sweetheart  
we all have our mysteries  
and things that donÂ't last  
that blanket our future  
uncover our past  
and answer the questions  
we donÂ't want to ask  
like was this right from the start  
my sweetheart  
chorus
