One of these days gonna lighten my load  
get it the car and head down the road  
some place that's got more sun than rain  
hey, watch me now  
i'm bustin' out  
gonna do something i can talk about  
but right now everything's the same  
chorus:  
gonna wake up the dead  
be here for the living  
ain't gonna say i'm sorry  
or need to be forgiven  
yeah, yeah, yeah, yeah, yeah  
ah, gonna rattle all the cages  
tear out the pages  
make this moment  
one for the ages  
remember what i said  
gonna wake up the dead  
yeah, you'll find me sitting on top of the world  
my arms around a pretty little girl  
you can crown me the king for a change  
have money in my pocket  
drink in my hand  
you'll be my woman  
i'll be your man  
if i could just get out of bed  
chorus:  
carmalina, a mexican prize  
won by many  
in the bars late at night  
strange behavior  
for our savior  
born a stranger to affection  
her adolescence fell by the way  
like a child actor  
she grew up too quickly  
moving so swiftly  
chorus  
alt. verse:  
when the rains came  
no one was to blame

they wrote it off  
as they rolled her way  
my fallen angel  
i know you meant well  
my fallen angel  
i know you meant well  
my fallen angel  
i know you meant well  
carmalina  
St. Johns Smith Square  
i was hammered in vegas  
lost in la  
you saved me from sarah  
oh, thanks, by the way  
if it wasn't for london  
st. johns smith square  
i'd be wandering through  
without you  
tom was a brother  
he was a friend  
till he fell into money  
went off the deep end  
and i watched him sinking  
thinking that could be me  
without you i'd be wandering through  
i'd be wandering through without you  
chorus  
bridge:  
you can say that i live in a dream  
going nowhere  
circling  
but i will show you when i can  
get this out of my head  
chorus
