When you're frightened  
When it all gives way  
I know there's more  
More I want to say

And when you lied to me  
In that moment so clear  
I will stand up, I will not fear  
Overcome what's said and done  
It's always easier to say  
Than it is to go ????

Ah, when it comes around  
When it comes around

Here it comes, there it goes  
Only life, I suppose  
Hearts get torn, love is (foreign)  
Gathering stones, they're rolling home  
Going up, falling down  
On this merry-go-round  
Start the race, and again  
Over and over, it never ends  
I got drumming like an earthquake  
Trouble like a headache  
I'm mixed up, fed up, oh and I'm set up.

Ah, when it comes around  
When it comes around  
When you come around  
When it comes around
