[Intro]

What's up in here man?  
Donna trashed the place  
What did you do?  
Break it down to us what happened..

[Verse 1]

She.. greeted me casually  
felt like she was a friend to me  
when i met her for the first time  
and I was seeing a friend of hers  
everything you wish a girl can be  
the greatest treasure in my life  
then a week ago my baby came home  
you'll never guess who with  
received a call that she had to go  
and left her friend with me to chill  
gradually she moved closer  
giving me the pleasure to view her  
then she brushed her hair aside  
and dropped one hell of a line  
(she said)

[Chorus]

Now we're all alone  
so no-one has to know  
put ya body into freak mode  
just go with the flow  
then she gave a sign  
then she flashed me her behind  
I put my body into freak mode  
just go with the flow

[Verse 2]

And now I..I been lovin' her frequently  
in the park in the dark  
in the movie gettin' nasty  
where nobody can be watching me  
I know i'm taking my chance  
to deal with you the same as you began to dance  
tell me what am i to do  
when she's cryin' I want you!

(I'd tell her no) I tell her no  
(you bit of rough to go) you bit of rough to go  
she said Freak Mode freak mode  
(I said Freak Mode) (Freak Mode)  
Now she's on the floor on all fours sayin'  
(Why you holdin' back you know you want some more)  
C'mon  
Now i could never rely on the day that girl when she get  
.....

[Repeat Chorus]

[Talking]  
She got me sprung on the couch  
(What there?)  
Yeah that couch there  
(Oh My God)

[Outro]  
This situation is just killing me  
and it wasn't meant to be  
I don't know what came over me  
now i'm about to change my mind  
As i watch you from behind

[Breaking Glass]

[Repeat Chorus x 2]
