(Shu-do-do shu-do-do whoah yeah)  
(Shu-do-do shu-do-do whoah yeah)

If you touch a flame you'll get burnt sometimes  
If you walk in the rain you now you won't stay dry  
If you're skipping school you might just get caught  
But you'll do it just the same I'm sure

We talked of love and talked of what you were  
It didn't last but i'm undeterred  
And though I now you'll break a million hearts  
What you gave me was the strength to see it's just a  
start

(Chorus)  
Oh I know love will come to me  
Sooner or later perfectly  
Oh I know love will always be  
What the angels sing about in their dreams  
And what the heavens give to those who wait patiently

Shu-do-do shu-do-do whoah yeah  
(Oh love will come to me)  
Shu-do-do shu-do-do whoah yeah

You walk the wire yeah you know you might just fall  
You go for gold and you may not score  
If you roll the dice yeah you sure could lose  
But I'll do it just the same as you

You gave Your heart, you will heart sometimes  
You show me yours and I will show you mine  
And though I know there will be some tears  
I can feel it getting closer I have no fears

(Chorus)  
Oh I know love will come to me  
sooner or later perfectly  
Oh I know love will always be  
What the angels sing about in their dreams  
And what the heavens give to those who wait patiently

Shu-do-do shu-do-do whoah woah  
(Oh love will come to me)  
Shu-do-do shu-do-do whoah woah

Why does the radio sing, all about the pain  
Never 'bout the hopes in my heart  
Time will bring all this to you  
anyone can see that, this is just a start

(Shu-do-do shu-do-do whoah yeah)  
(Shu-do-do shu-do-do whoah yeah)  
Love will come to me  
(Shu-do-do shu-do-do whoah yeah)  
I know I know I know  
I know love will come to me  
Sooner or later perfectly  
Oh I know love will always be  
What the angels sing about in their dreams  
And what heaven gives to those who wait patiently

Shu-do-do shu-do-do whoah yeah  
Yeah yeah love will come to me  
Shu-do-do shu-do-do whoah yeah  
Somehow someday  
Love will come to me

Oh I know that Love will come to me
