Time tells me to look back  
See what was done  
And escape that  
I had my share and had fun  
Emotions are up and coming back

I wished you saw me when I listened  
That's why I miss

Chorus  
Your music came  
At the right time  
Right when I needed the most

You and I  
A result of summer  
When we were close

Words came into notion  
That's why I think  
This seed needs to grow  
With a bit of soul and devotion  
Like a flower, for miles, it will glow

We got it. And now, please make it work

Chorus  
Your music came  
At the right time  
Right when I needed the most

You and I  
A result of summer  
When we were close

The time we were just dreaming  
Needs to let it out of my system  
To shout and scream  
I got it. And now, please do listen
