Surprise

I guess I'm just the worst kind of right
My home made halo is clearly just for show
And that's right,
I turned a little evil tonight
I must be joking, I'm clearly not that type

But even if you think that you know me
Well you don't
And even if you think that you know me
Well you don't
Well even if you think that you know me
Even if you think that you know me
Well even if you think that you know me
Well you don't

Well won't somebody open up your eyes
And find another lover in disguise
Won't somebody come and let me in, oh,
Find another lover to begin

See me, See me
Staring at the ceiling, ceiling
Just looking for a meaning, meaning
What did I do?
You see me missing you?

One night
And then I have to suffer for life
You must be joking, I swear I'm not that type

Oh but even if you think that you know me
Well even if you think that you know me
Even if you think that you know me
Well you don't

Well won't somebody open up your eyes
You'll find another lover in disguise
Won't somebody come and let me in
You'll find another lover to begin

See me, see me,

Staring at the ceiling, ceiling
Just looking for a meaning, meaning
What did I do?
You see me missing you?

See me, staring at the ceiling
Just looking for a meaning
What did I do
See me, see me,
Staring at the ceiling, ceiling
Just looking for a, meaning
Oh what did I do?
You see me missing you?

see me, see me
Staring at the ceiling
