It's not enough to be honest, well I'm on it
When it's true, it's for you
Measured out, would you want it?
As you flaunt it
All is well you can tell
And I don't want to take the wrong way
But sometimes that gets hard to say
If you were willing to let it be
You were hurt once, but that's not me
I will never let you down
I could never let you
Go, scream it out at the top of your lungs
Let em know those days are done
And you won't be turning back
To the one who left you nowhere
It's not enough to ignore it
So I floor it
Get away for today
Give myself to devotion and yer motion
All is well, you can tell
And I don't want to take the wrong way
But always I get in the way
He stole you right away from you(and from me)
Aimless(clueless)
Knowing you would leave him all along
And I'd come back for you
Leaving was a mistake all along
And I was wrong
Elizabeth you are an angel
But that only gets you so far
So who would leave you in the backseat
Baby you can drive my car
Beep beep, beep beep
