I need more attention and less admiration
I can make concessions for your opposition
Don't try to reform me
And destroy my ego
So please now let me be
The only one i know
Do you want me?
I'll find solutions for your adaptation
You'll get in the action, well that's my profession
Don't try to reform me
And destroy my ego
So please let me be
The only one i know
Do you want me?
Think of your position
Before i find my salvation
Don't try to reform me
You won't destroy my ego
So please please let me be
The only one i know
Will you want me?
