Well I could see by the way that she danced with me
She want to break my heart
Want to tear it apart
I could tell by the way she dance with me
If I give her ten dollars I could get anything that I want
So what's a girl like you doing in a place like this
Lets forget that I asked baby give me a kiss
So stop biting my fingernails
They're starting to bleed
Why don't we just skip the formalities
And get down to what we're here for

I'd do anything for you
Anything that you want me to
It's just going to take
A little more money

Do anything for you
Anything that you want me to
It's just going to take
A little more money

So this big old guys comes up to me
And say's hey Skinny white boy
I don't like the way you look at my girlfriend
What an ugly thing to say
I say don't you flatter yourself
You know I don't think that much of your girlfriend

So that big old guy socks me in the nose
I falls on my back and lgets blood on my clothes
He say's Heah skinny white boy
What do you think about that
I says well it doesn't change much
I still don't think much of you girlfriend

I'll do anything for you
Anything that you want me to
It's just going to take
A little more money

Do anything for you

Anything that you want me to
It's just going to take a
Little more money

' So what's a girl like you doing in a place like this
Lets forget that I asked babyt give me a kiss

And get down to what we're here for
