Well, the fact of the matter
There ain't no facts involved
Take it further
It doesn't matter
Well out here on the border
Ants drag bones across the hot dry ground
And over there at the trailer park
They got a million souls at the lost and found

Well you should have known better
Dead thoughts and lost horizons
And to take it further
It don't get any better
Well out here on the border
Ain't nobody asking questions
No I don't need a miracle
But I could use a push in the right direction

And a "69" Ford and a new pair of shoes
Left from Boise Idaho '95

To fall asleep at the wheel

Handgun and a bottle of Boone's
And a "69" Ford and a new pair of shoes
Left from Boise Idaho '95
So I was just in time to miss
The Five O'Clock news
The velvet black Interstate was something to feel
