I've been waiting for so long  
to show you i can do something special  
i still think that you're a sceptic  
you'll realize that you're far from it  
i need penitence  
i will try to forget all the lies you've shouted  
killing words you've said  
get out of my mind  
stay out of my life forever  
i'll be there to throw you out  
i'll be there to blow you away, no mercy  
the lack of true love won't stop me from  
self construction, some redemption  
the lack of true love won't dissolve my  
ambition and my expectations  
i'll be there to throw you out  
i'll be there to blow you away, no mercy  
i've been waiting for so long  
to show you i can do something special  
i will try to forget all the lies you've shouted  
killing words you've said  
i'll be there to throw you out  
i'll be there to blow you away from me, no  
mercy
