I'm just a lonely boy  
With fears dreams tears and joy  
A mystic child  
I wanna be a star  
A man with all the power  
Of the ultimate mind  
I want to wear sunglasses and be not understood  
I want to have an epitaph in Hollywood  
Sometimes i don't wanna try  
Sometimes i don't wanna cry  
Don't grow up too, don't grow up too fast  
I'm still a lonely boy  
With fears dreams tears and joy  
A mystic child  
I wanna be a star  
A man with all the power  
Of the ultimate mind  
I want to have a big red car a blonde girl by my side  
I want to call my kids John and Marilyn  
Sometimes i don't wanna try  
Sometimes i don't wanna cry  
Don't grow up too, don't grow up too fast
