Someday

I'll go away

Pack my bag

Get on a plane

I'll fly up through my cloud

I'll smash right through

Right into the sun

And I know that

Someday

I'll turn my back

Lock the house

And give up the pain

And I'll go and take my peace

Gonna sail away

For a life and a day

And I know that

CHORUS

Someday you're gonna feel the pain

Someday you're gonna feel the pain

Someday you're gonna feel the pain

Someday you're gonna feel the pain

Someday

I'll find a way

Get on my feet

Walk out the door

And I'll leave you all the pain

That you gave to me

Wrapped in a song

And I know that

Someday

You'll know the day

You'll know the pain

It's right here in this song

And I'll smash right through

Straight up to the sun

And you'll know that

CHORUS
