Iâ€™m searching for the space and time in life
And I wonder: where could it be?
Where my soul is supposed to be
Can you tell me, love?

They say you keep a secret from me
No more lies, just give me back those days at nights
And the breeze of early spring
In the morning light

Wake me up on a precious morning
But when the hope is fading away
Remember to hold on
There will be better days

Bring us sunshine, bring us moonlight
Thereâ€™s no hope, no happy ending in the dark
Let the music reach our hearts

Wake me up on a precious morning
But when the hope is fading away
Remember to hold on
There will be better days

Wake me up on a precious morning
But when the hope is fading away
Remember to hold on
There will be better days
