I think of you
And then I think of me, and then
I think of you
And then I think of me, and then
I think I know
But then I know I don't, and then
I think I should stop thinking and go to sleep

I'm glad that I
Don't work at 9 to 5, and then
I'm glad that I
Don't work at 10 to 6, and then
I'm glad that I
Don't work at 11 to 7, and then
I'm glad that I don't work at 12 to 8

But I live
In my mom's and dad's house
With my little brother
