I know I say I'll go away  
but then I don't, I come right back  
and walk right smack into your lips and turn all black  
and blue  
and though I've seen the light so many times before  
I've also figured out the light is just a switch  
that I can turn on, I can turn off  
please, oh please  
when it's off, you cannot see, you cannot hear  
even in your ear, saying

yo girl, don't make me take off my belt  
don't make me take off my belt and smack you upside  
the head  
yo girl, don't make me take off my belt  
don't make me take off my belt and smack you right  
side up

upside down a frown becomes a smile  
and so he thinks I take it with a smile  
double upside down a frown remains a frown  
too bad he never checks the double upside down  
when I'm doubled up on the floor and I see a double  
him  
giving me a double wham bam

yo girl, don't make me take off my belt  
don't make me take off my belt and smack you upside  
the head  
yo girl, don't make me take off my belt  
don't make me take off my belt(x2)  
Smack(x8)

chicken soup, mashed potatoes, gravy, orange juice,  
milk shakes, pudding,  
oatmeal, soft served ice cream  
ain't it good that there's soft food cause I couldn't eat  
very much else right now  
they ask me how well, haha, I bumped into a door  
yeah, haha, I fell down some stairs  
oh, I'm such a clutz

I say that very same thing to myself all the time  
I say yo girl, can't you watch where you are?  
you don't watch where the hell you're going, you're  
going to get yourself killed  
you know, hey girl, can't you watch where you are?  
you're going to get yourself killed(x2)  
you're going to get yourself

I know I say I'll go away  
but then I don't, I come right back  
and walk right smack into your lips and turn all black  
and blue  
and though I've seen the light so many times before  
I've also figured out the light is just a switch  
that I can turn on, I can turn off  
please, oh please  
when it's off, you cannot see shit, you cannot hear shit  
even in your ear, saying  
yo girl, don't make me take off my belt  
don't make me take off my belt and smack you upside  
the head  
yo girl, don't make me take off my belt  
don't make me take off my belt(x2)
