Awakened by the throbbing
I can smell her cunt
The steam crawls from the sewers
Soon begins to hunt
Deep inside it must go to feast
Devour the tender vaginal meat
The scent is strong
My prey is near
I stalk her home and enter the rear

As she steps into the shower I pounce through the
glass
Stab her repeatedly with a shard as I enter her ass
She tries to scream, but just gasps and chokes
Bloody foam sprays through her shredded throat
Phallic bloodlust
Obey I must
I can't control it's hunger...
