She said her legs were aching
From all the smack she's taken
She said: i'm hanging out;
Yeah my dealer's coming round

She's got a hang up got a hang up (x4)

One man dislikes another
Cos he's a different colour
That narrow minded man
No he doesn't understand

He's got a hang up got a hang up (x8)
I got a hang up got a hang up (x4)

She called me on the phone
And said: i'm all alone
My body's breaking down
And can i come around

She's got a hang up got a hang up(x8)
