I like my girls silicone-filled
Chilled freshly killed
Snuffed i like them retouched
Stuffed buffed
Coke in hand can cool and thick
Please the global man suck the tnc's dick

There y'go baby suck up your revlon
You know you turn me on when you put it on
Sex sells so tells the truth vendor
I love a plastic gender return me to sender
I really like it like that
Don't you like it like that?
I said i like it like that
Don't you like it like that?

I like my boys with no opinion except of women
They can tell me over and over drunk then sober
Then drunk again i like to see them in action
Sexual harassment common sense with a capital
pretence

Excuse me no offence
But here we go here we go
You can't catch my ego no
But who gives a fuck anyway?

I said i like it like that
Don't you like it like that?
I really i like it like that
Oh that's the way i like it
I said i like it like that
Don't you like it like that?
I really like it like that
Oh that's the way i like it

I like my chicken rugged and handsome
Carsinogen dinner boxed with the lot
Thanks a lot no fuck it
Make it a big booty bucket
So if i chuck it back up then i can cup it

And save it for later
Cos i'm growing a cancer to go with my car
A real fucking prancer

God bless the colonel he's taking my soul
My body's in tow

I really like it like that
Don't you like it like that?
I said like it like that
Oh that's the way i like it
I really like it like that
Don't you like it like that?
I said i like it like that
Don't you like it like that?
I said that's the way i like it
Don't you like it like that?
I said i like it like that

I like it like that
