Take me away, gonna catch some big air  
Getting high in the sky, gonna cause a big scare  
Push to the edge 'cause you know I don't care  
Lose my limits  
Living my life like I've got one to spare  
Take what I want even though it's unfair  
Run for the hills 'cause your friends will be there  
Lose my limits

Just when I think I've gone too far and can't pass up  
The late night bars, I slow it down, call my own bluff  
I guess I figured out I like my living rough  
And now I realize it's not enough

Push to the left and I try to stay clear  
Of a regular life, like the one's you have here  
Keep my feet on the ground, but I live with no fear  
Lose my limits  
There's more to this life than just trying to fit in  
Gotta follow your passions right out of your skin  
'Cause the best bad ideas are the ones you begin  
Lose my limits

You spent a thousand hours online  
Updating profiles all the time  
What have you go to show?  
"If you always do what you've always done,  
You'll always get what you've always got." - someone

Just when I think I've gone too far and can't pass up  
The late night bars, I slow it down, call my own bluff  
I guess I figured out I like my living rough  
But now I realize that nothin's not enough

Nothin's not enough  
Nothin's not enough

Nothin's not enough  
Nothin's not enough

Lose my limits  
Lose my limits

'Cause nothin's not enough  
No nothin's not enough
